RIDE THE WAVE

Permobil introduces the M400 Corpus® 3G—a high-speed version of the popular M300 mid-wheel drive—that is engineered to get up to 7.5 MPH. Like its predecessor, the M400 features the ground-breaking, patent-pending Climbing and Traction Link system, which provides overall stability especially while climbing obstacles and traversing various surfaces. The M400 has a tight 20" turning radius and comes with PG 120 amp R-Net electronics. Plus, the Corpus 3G seating system offers an array of functionality and adjustment. Users can tilt up to 50° and recline up to a full 175°. The legrests are curved for better support, and the armrests feature built-in channels for cable routing, significantly reducing the need for messy wire ties.

CORPUS 3G

CLIMBING AND TRACTION LINK SYSTEM

The patent-pending Climbing and Traction Link system connects the drive wheels and casters providing overall stability while climbing obstacles and traversing various surfaces. The M400 boasts unmatched climbing capabilities—3" forward and 2" reverse. The large 8" casters and flat-free drive tires help absorb shock, while the solid steel struts lessen the impact of lateral forces. Plus, the system incorporates an oil-damped shock with a progressive tension spring, so performance can be adjusted to fit an individual's weight and lifestyle needs.

POWER FUNCTIONS

Fully-functional Corpus 3G seating system including power tilt, recline, and elevating legrests

Independently adjustable legrest height

50° of tilt with two range selections

175° power recline

Independently adjustable armrest height, angle and pitch

SHROUD COLORS

Metallic Green

Onyx Black

Platinum Silver

Sublime Green

Titan Blue

Vintage Wine

SPECIFICATIONS

Max User Weight	300 lbs
HCPCS Codes	A0884
Maximum Speed Options	7.5 MPH
Driving Range	13 Miles
Battery Size	Group 24
Base Width	24"
Base Length	36.5"
Minimum Turning Radius	20"
Ground Clearance	3"
Maximum Slope*	9° Up, 9° Down
Drive Electronics	120A R-net

Seat To Floor Height	Seat Elevator: 17.5"
	Seat Tube: 17.5", 18.25", 19"
Tilt Options	Power: 0° - 50°
	Power: -5° - 45°
Recline Options	Power: 85° - 175°
	Manual: 85° - 120°
Legrest Elevation Options	Power: 85° - 170°
	Manual: 85° - 170°
Seat Elevator Option	8"
Seat Widths	17", 19", 21", 23"
Seat Depth	14" - 22" (1" increments)
Backrest Height	20", 23" - 28" (1" increments)
Armrest Pad Length	10", 13", 16"
